Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Tuesday 31 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Largely dry and cloudy with isolated drizzle, but becoming brighter.

Today:
A cloudy day with some light rain or drizzle around midmorning, becoming dry by midday. Generally feeling mild, but warm in the sunshine as the cloud cover thins and breaks in places late afternoon. Maximum temperature 19 deg C (66 deg F).

Tonight:
A bright but cool evening for many, as clouds thin through the evening, only to thicken and return overnight. The odd patch of drizzle or light rain before dawn. Minimum temperature 11 deg C (52 deg F).

Wednesday:
Another largely cloudy day, keeping temperatures suppressed, with some warmer sunny or bright spells. Isolated light rain or drizzle in the morning, and over higher ground. Maximum temperature 19 deg C (66 deg F).

Outlook for Thursday to Saturday:
Remaining largely dry and settled, although possible isolated light rain during each morning. Variable cloud throughout, giving sunny spells across the region. Feeling pleasant in the sunshine. Winds staying light.
